

# WAV Baseline Stream Monitoring Calendar

## Every Month:

- Fill out the WAV datasheet every month for only the parameters you collect, including your data collectors, DNR station name and number, date and time, and your streamside observations.
- Enter the data into SWIMS when you get home: <https://dnr.wisconsin.gov/topic/surfaceWater/SWIMS>.
- Be on the lookout for aquatic invasive species (AIS) and report any suspect AIS.

	Temperature	Transparency	Dissolved Oxygen	Stream Flow	Other
May					Biotic Index
June					
July					Optional: Habitat Assessment
August					
September					Biotic Index*
October					*Complete ONE time in either September OR October.

After your last fieldwork event, work with your WAV Coordinator to send in your datasheets to the WAV program: **Water Action Volunteers Program, 445 Henry Mall, Madison, WI 53706.**
